

# Fab Four to Invade Taunton

Liverpool Legends is thrilled to be coming to Massachusetts for their first shows at First Parish Church in Taunton. It has been a busy summer for this amazing Beatles Tribute who received national media attention on ESPN, Fox SportsNet, CBS and NBC following their recreation of the 1966 Beatles concert at Busch Stadium for the closing of that stadium in St. Louis. Joining Liverpool Legends at both shows on October 21 and 22 is their Manager, Louise Harrison, sister of the late George Harrison of The Beatles.

Liverpool Legends is the creation of Marty Scott and Kevin Mantegna, acclaimed as two of the world's finest Beatles impersonators. Aspiring to achieve a new level of tribute performance, they left their former band and teamed up with Louise to find the perfect partners to join their magical mystery tour. Marty (George Harrison) and Kevin (John Lennon) have partnered with Davey Justice

(Paul McCartney) and Joe Bologna (Ringo Starr) as well as Bob Dobro who provides live performance of studio orchestrations and effects integral to later Beatles' music.

Louise refers to Liverpool Legends as her "most perfect" Beatles Band and has dedicated

pected of these accomplished musicians who perform the most difficult harmonies and intricate instrumentals of nearly any Beatles' song to flawless perfection. "The goal was to recreate the band that George LOVED; a group of close friends sharing a passion for the music that made the Beatles the best known band in the world."

Liverpool Legends' shows are at 8:00 PM on both Friday, October 21' and Saturday, October 22'. Tickets are \$20.00 adults and \$15 for children 12 years & under. Visit [www.th-edessertclub.com](http://www.th-edessertclub.com)

herself to work with Marty and Kevin to develop this musical phenomenon. Louise says she feels the presence of her brother George when she listens to Liverpool Legends honor some of the world's favorite musical memories. The rapid rise to fame for Liverpool Legends comes as no surprise; it is what was ex-

pected of these accomplished musicians who perform the most difficult harmonies and intricate instrumentals of nearly any Beatles' song to flawless perfection. "The goal was to recreate the band that George LOVED; a group of close friends sharing a passion for the music that made the Beatles the best known band in the world."
